Are you a teacher interested in developing gymnastics in your school?

Gymnastics ACT can offer Gymnastics Teacher Education sessions that will provide you with all the information you need.

We can tailor timing of the sessions to suit the needs of your school and will ensure your teachers are providing a safe environment for your students.

Our qualified presenter will also show you creative ways to teach with minimal equipment, different activities you can introduce and how to progress these skills through different grades.

Teacher LaunchPad Ignite Certification is delivered via a combination of online learning and 3-4 hours of practical face to face training which can be delivered over one or two sessions. The total cost for certification is \$100 per person (with a minimum of 6 required).

Online learning is via the Gymnastics Australia Learning Management System (LMS) Flex and takes 40-90 minutes to completed. Learning covers modules in Neuro-nastics (brain development and movement) and each of the Dominant Movement Patterns (DMPs). The workshop aims to give teachers the knowledge they need to deliver Launchpad programs in schools. The Launchpad: Ignite! workshop is the minimum requirement for teachers delivering the Sporting Schools programme. Very practical and lots of fun, Launchpad: Ignite! will get you and your students moving!

As an added bonus, ACT Futsal will award the winning teams with brand new School Player Kits to keep and wear with pride as they make their way to the Champion of Champions Tournament.

The 'Australasian Champion of Champions' gives schools the chance to battle it out and be crowned National Champions, whilst National Schools Championships gives players the opportunity to represent their state against other states from across the country. Players are also selected from the Tournament to represent Australia on international tours and at renowned international tournaments.

ACT Futsal is a Branch of the Australian Futsal Association (AFA). We pride ourselves in offering players the chance to sample futsal, playing against and learning from the best. Player development is of paramount importance to ACT Futsal and AFA. Our school program is a benchmark for school's futsal across the globe, with approximately 2200 teams competing in local school competitions across Australia every year.
